

# Nicholas Martinez

## CAREER OBJECTIVE

Determined problem solver and effective communicator looking to prove my skills in software development. Pursuing an opportunity to leverage my educational background and excellent analytical and technical abilities as an intern software engineer.

## EXPERIENCE

### **PwC, *START Intern/ Pod Leader***

JUNE 2022- JULY 2022

I worked as a consulting solutions intern at Pricewaterhouse Coopers over the summer. During my time there, I got the opportunity to lead my pod of interns in a data-analytics project for a non-profit named CareerVillage. I spent the rest of my time there learning about the professional services industry and connecting with experienced tech consultants at the company.

### **Kroger, *e-Commerce Clerk***

JUNE 2021 - JAN 2022

As an e-commerce clerk, my responsibilities included processing and fulfilling customer orders, customer service, and assisting other departments.

### **Self-Employed, *Tutor***

SEPTEMBER 2019 - MARCH 2020

I managed my own tutoring service in which I provided supplemental instruction in STEM subjects to my clientele. I primarily specialized in computer science, physics, algebra, and precalculus instruction.

### **Franky's Gourmet Hot Dogs, *Shift Leader/Cook***

NOVEMBER 2017- SEPTEMBER 2018

I was in charge of running the stand/ kiosk when a manager was not present. My responsibilities included: training new employees, taking inventory, food prep, sanitation, and customer service.

## EDUCATION
